RELEVANT EXPERIENCE

Web Designer and Web Developer   August 2018 - Present
EDGE Entrepreneurial Center, Rock Island, IL
- Handled composition, color, illustration, typography, and branding using Adobe suite for client projects.
- Increased various clients' web traffic between 20% to 150% by improving navigation, optimizing SEO, and adding social media plugins.
- Utilized agile software development with HTML, CSS, JavaScript, Bootstrap, and PHP to develop and perform routine updates, upgrades, and overall maintenance of customer websites.

Web Developer Intern   May 2021 - August 2021
Ethiopian Airlines, Addis Ababa, Ethiopia
- Utilized React to design a meal pre-ordering application to satisfy customers' preferences and enhance their flight experience.
- Collaborated with a team of software developers to build the application and create a user-friendly interface.
- The application contributed to a 45% increase in new user adoption rates within one month of the rollout.

Software Engineer Intern   April 2019 - August 2019
Florast Solutions, Addis Ababa, Ethiopia
- Utilized Java, and Github while working with a team to create financial tracking software.
- The application simplified how data is collected, stored, and tracked which created transparent work progress.
- Increase the company's net income by 12% after reducing fraud risks using logs and verifications.

LEADERSHIP AND COMMUNITY INVOLVEMENT

Peer Mentor, Augustana College, Rock Island, IL   August 2019 - Present
- Helped students navigate through their first year of college. Support them on challenges they face by making sure they succeed both socially and academically.
- Assisted students with the registration process for classes; taught students how to select courses, register, and use various college-related software.
- Supported returning Augustana students by helping them find and engage in leadership opportunities.

Computer Science Teacher, Bright Academy, Addis Ababa   May 2019 - August 2019
- Planned an introduction to Java course content, and methods of presentation to increase students' problem-solving skills.
- Aided students in their assignments by creating action plans based on individual academic goals.
- Researched, evaluated, and planned out efficient and cost-saving IT technologies to improve the standard of education delivery.
